

Hello AUTUMN!

TURN OVER A NEW LEAF

Begin again, changing one's behaviour in a good way.

"He has learned his lesson and has turned over a new leaf".

TAKE A LEAF OUT OF SOMEONE'S BOOK

Follow someone's example.

"He's really changed his life around. You should take a leaf out of his book".

DRIVE SOMEONE NUTS

To make someone go crazy.

"That noise is driving me nuts. Can you stop it please!".

BE NUTS ABOUT SOMEONE OR SOMETHING

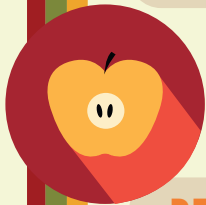

Be obsessed with someone or something.

"I'm nuts about you".

BE THE APPLE OF SOMEONE'S EYE

Someone who is cherished above everyone.

"Even though Jake has three children, Sally has always been the apple of his eye".

TO SQUIRREL SOMETHING AWAY

Hide or store something like a squirrel.

"He squirrelled money away for years and now he can enjoy his retirement".

THAT OLD CHESTNUT

A story or a joke that has been told so many times that it becomes uninteresting.

Julie: "The best years of your life are when you're young". Tom: "Oh not that old chestnut again!".

LOST IN THE MISTS OF TIME

Something has been forgotten because it happened a long time ago.

"The village traditions have been lost in the mists of time".

GOLDEN YEARS

The years of retirement, normally after age 65.

"He's still really active in these golden years".

THE AUTUMN YEARS

The later years of someone's life.

"It was only when she reached her autumn years that she found out what life was all about".
